Studio Overview and Student Supply List

Workshop: **The Hand Built Teapot**, with: **Hayne Bayless**

Date: September 24-27, 2020

Studio Location: Ceramics Studio

Class Description:

Leave behind the tempest and concentrate on the teapot, the showstopper of a potter's repertoire. The hand built teapot lets us play with various elements: handle, spout, body, and lid. Combine slabs with extrusions and investigate decoration techniques including stencils, stretched slabs, colored slip inlay, and latex resist. For throwers wishing to expand their horizons beyond the wheel.

IMPORTANT INFORMATION to help prevent the spread of COVID-19:

In order to promote a safe and healthy environment for all of our guests, students will be required to bring the following personal protective equipment:

- 2 to 3 face masks that cover mouth and nose to be worn when in the studios or any other indoor space (other than dorm rooms) or outdoors when 6' of distance cannot be maintained
- Personal travel size hand sanitizer
- Your own rags for hand drying

We strongly encourage students to bring any of their own small hand tools such as ribs, sgraffito and loop tools, toggles, etc.. Shared tools will be available for those who do not have their own.

PRINTING: There will not be any student access to printers or the photocopier machine on campus. Please print and/or copy any items that you will need prior to your arrival. If you anticipate needing multiple sizes of an image, please size and copy at your local copy center prior to arrival.

Supply Information:

Your supply fee includes 25 lbs of cone 10 white stoneware, joining slip, latex resist and black underglaze, plus basic studio consumables.

In addition, your instructor requests that you bring the following materials:

- A sketchbook or notebook and favorite drawing or writing utensils (optional)
- An apron or clothes you don't mind getting messy (Snow Farm aprons are available for sale)

Open Studio Guidelines for the Ceramics Studio:

Open studio is available 24 hours per day throughout your workshop. Instructors will outline safety guidelines for students who are staying to work, including any tools that should not be used without the instructor present. We suggest *bringing a cell phone in case an emergency arises and you need to contact the on-site coordinator*. Please also note the following guidelines:

- There is to be no consumption of drugs or alcohol in the studios, nor shall students work with studio equipment when under the influence of drugs or alcohol.
